IF you DO NOT have a Google account

- A Google account is not the same as a Gmail account (i.e. a new email address), though you can create one if you’d like. All that it's asking is for you to verify your email address with Google.
 - Why do you have to do this? Having a Google account allows you to view and work with Google Docs associated with the group. The Google account certifies your e-mail address is not corrupt.
 - Go to: www.google.com and create an account.
 - Fill in the form.
 - Click on “*I accept. Create my account*”
6. Afterward, go back to the following website and apply for membership:

How to use the Northeast Sailing Association Google Group

- Any member of the group can email (or post to) the group by sending e-mail to: northeastssailing@sailmaine.org
 - You do not have to log in to the NSA google groups page to send an email.
 - If you are having trouble emailing the group, please double-check which email account you are emailing from. You can only email the group from the email account in which you’ve signed up for (some people have trouble with this if they use multiple email accounts at once).
